CHARLES ASH TO ERECT FACTORY IN FEW WEEKS litebeock.

The syrup is to be used by the canning companies in place of sugar, and a giant saving is expected to be realized by them in this way, as it will do away with the use of sugar in preparing the sliced pines for canning.

Aside from the saving realized in this way, they will have an excellent and constant market for the waste products, the products which are now almost worthless, which occasion more expense than revenue.

Mr. Carl Edward Basler of City, coming to San Franchiam his bride. The wedding a quiet affair. Mrs. Rober a constant market of the bride matron of honor and Mr. A ler, formerly of Honolulu, begue wedding trip will be through a California and Colorado, virtually and constant market for the waste in honeymoon the young constant worthless, which occasion more expense than revenue.
